MEMORIES

Memories are all the thoughts
That echo from the past
To linger in the human heart
As long as it may last
They are the vision of a day
That vanished into night
Except for one eternal star
Forever clear and bright
They are the houses on the street
The flowers everywhere
And youthful songs of yesteryear
Without a single care
And memories are diaries
Of many moons ago
When promises were painted on
The whiteness of the snow
When everything appeared to have
A more enduring name
Where now the beauty of it all
Is never quite the same.

IN LOVING MEMORY OF . . .

Maroon and White

Ennis, ole Ennis, we'll stand by thee,
Faithful and loyal we will ever be,
True to thy colors that stand for right,
Loyal sons and daughters of Maroon and White.
We will always face the conquest with spirits bold
Laurels for ole Ennis High will be our goal.

Arranged by Bob Banner
Composed by Thomas Granger

“1983”

SENIOR MOTTO: “The fate of our future lies in the hands of our present.”

SENIOR SONG

“No One Can Stop Us Now”

One day you feel quite stable,
The next you comin' off the
wall.
But I think that you should
warn me.
If you start heading for a fall.
I see the problem start;
I see the tension grow;
I see you keeping it to yourself,
And then instead of reaching
some conclusions,
I see you reaching for something
else.

No one can stop you now,
Tonight you're on the loose.
No one can tell you how;
Tonight you're on the loose.
I see no harm or danger in
escaping,
If the method suits the style.
We put the mind on idle,
and let the others take it for
a while.
When the pace is too fast,
And I think I won't last,

Seniors

SENIOR COLORS: Teal Blue and Dusty Rose

SENIOR FLOWER: Red Rose

SENIOR SONG

"No One Can Stop Us Now"

You know where I'll be standing
here beside myself,
Getting ready for the final stand.
No one can stop me now,
Tonight I'm on the loose.
No one can tell me how,
Tonight I'm on the loose.
The time we feel most stable,
Is the time we're coming off the
wall
And there's every indication
We may be heading for a fall.

So let the problems start,
And let the tension grow,
We'll be keeping it to ourselves
And while they're busy reaching
their conclusions,
We'll be reaching for something
else.
No one can stop us now,
Tonight we're on the loose.
No one can tell us how,
Tonight we're on the loose.

You can help.

You've heard a lot about the need to conserve electricity and all forms of energy. Not only does conservation help save our nation's precious energy resources, it helps you and your family save money since the cost of energy is a big chunk out of most families' budgets. You can help your family by doing your part... make sure you close doors and windows when the heating or air conditioning unit is on; don't "graze" when you raid the refrigerator - know what you want before you open the door; hot water takes energy - try a shorter shower; and make sure the television or stereo is off when you're through with it. Work with your family to save energy now... you'll help make sure there will be enough for everyone when you start a family of your own.
